Subject: Columbia Falls Aluminum Company

Hi, Mike:

Although it shows on the budget sheet as "Columbia Falls Smelter", the SEMS site name is "Anaconda Aluminum Co. Columbia Falls Reduction Plant" (SSID A882) – quite a mouthful! We currently have \$75,000 planned/approved for the fourth quarter (begins July 1) of this fiscal year for Technical Assistance. This is what we would anticipate being used for negotiations support. We can request more if you think you will need it, but this should be enough to get a work assignment started. Please work with Jodi and Roger on developing a statement of work and independent government cost estimate for the tasks you'll need. Let me know if you have any questions or if you need additional information.

Thank you,

Joe
